

**PRODUCT FEATURES**

- Hardened Chrome Vanadium jaws ensure strong grip on multiple surface shapes and long lasting durability
- Perfect for gripping pipes and bolts
- Chrome molybdenum steel body and handle for durability and rust prevention

**Curved Jaw**

Cat No.	Length	Opening
CG10CJ	250mm	48mm
CG7CJ	175mm	41mm
CG4CJ	100mm	24mm

**Curved Jaw with Wire Cutter**

Cat No.	Length	Opening
CG10CJWC	250mm	48mm
CG7CJWC	175mm	41mm
CG5CJWC	125mm	29mm

**Straight Jaw**

Cat No.	Length	Opening
CG10SJ	250mm	48mm
CG7SJ	175mm	41mm

Straight jaws provide maximum contact on flat, square or hex shapes

**Needle Jaw**

Cat No.	Length	Opening
CG10NN	250mm	73mm
CG7NN	150mm	57mm
CG4NN	100mm	41mm

Needle nose give easy access in narrow, confined and hard to reach work spaces

**Large Jaw**

Cat No.	Length	Opening
CG10LJ	250mm	73mm

Large jaws are for heavy duty work with large objects

### Round Jaw

Cat No.	Length	Capacity
CG10RJ	250mm	da 16 a 28mm
CG7RJ	175mm	da 8 a 19mm

Round jaws grip on 3 points and are ideal for round or hex shaped objects

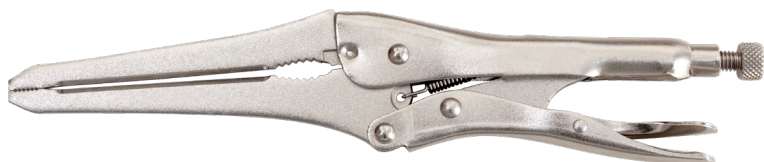

### Pinch Off Pliers

Cat No.	Length	Opening
CG7RR	175mm	25.4mm

Pinches-off and locks on butane gas lines and copper tubing

### Long Nose Pinch Off Pliers

Cat No.	Length
CG11POP	275mm

Long nose allows pinch-off in hard to reach places and of large diameter hoses (e.g. radiator hoses in automotive cooling systems)

### 'V' Jaw

Cat No.	Length
CG10VJ	250mm

V jaws ideal for gripping round objects

### Crimping Pliers

Cat No.	Length
CG10CP	250mm

Ideal for crimping

### Hose Clamp Pliers

Cat No.	Length
CG9HC	250mm
CG7HC	175mm

Waffle design enables the opening of spring bands with a straight-on grip, from the side or even an edge. Ideal for vacuum, fuel line and coolant hose clamp
